

Adventurers: Spring 1 2020

Why do you love me so much?

Guess how much I love you... What is special about me? How do we show that we care? In this project, we'll learn about love, families and how people are the same and different.

First, we'll talk to a parent with a baby and ask lots of questions. We'll pose for photographs and recognise ourselves, our names and our friends from a photograph display. We'll look at our reflections and talk about what we can see. We'll enjoy sharing books about love, feelings and families. Outside, we'll practise following instructions and think about how our brilliant bodies move. Using our mathematical skills, we'll measure and compare our hands, feet and heights. We'll count candles and think about why we celebrate birthdays. Getting creative, we'll make amazing artwork of people we love. At the end of the project, we'll invite you to school to make shared clay handprints. We'll make delicious foods to share and draw pictures of ourselves with our families.

Areas of Learning	Early Learning Goals
Personal, Social and Emotional	Making Relationships, Self Confidence and Self Awareness.
Communication and Language	Listening and Attention, Understanding and Speaking
Physical Development	Moving and Handling and Health and Self Care
Literacy	Reading and Writing
Mathematics	Number and Shapes, Space and Measure
Understanding the World	The World and Technology
Expressive Art and Design	Exploring and Using Materials Media and Materials and Being Imaginative.

How can you help?

Help your child prepare for their project. We're all special! Why not help your child to take photographs of family members and friends, to create a fantastic photo album? Make a family collage with images of all of your family members' favourite things.
