

Hurst Green School Association (HGSA)

As a parent/carer of a child at Hurst Green School and Nursery you automatically become a member of the HGSA and join all the other parents, carers, staff and friends. We work together to raise funds to provide children with extra facilities, amenities and equipment as well as create opportunities for everybody to get to know each other better and have some fun times together. Everybody is welcome to the HGSA and your support is invaluable!

During the year the HGSA helps to organise activities such as parties for the children, the Christmas Fair, the Hurst Green Village Fair, second hand uniform sales, cake sales, sponsored challenges and much more. None of those would be possible without the help and support of all the parents and carers. Participation does not take a lot of time, is fun and the children love to feel that the parents/carers are involved in school life.

The HGSA has recently funded the Hatching Eggs project, purchased new cameras, contributed towards the purchase of Chromebooks and phonics reading books and funded the visit of a theatre production and music programme. We are a registered charity – number 1156814. It would be great if you can complete the enclosed Gift Aid form so that we can reclaim tax on any future donations you make through the HGSA (if you are a tax payer).

The HGSA is very flexible and informal. We appreciate all the help you can give whether it is helping out on a stall, baking cakes, volunteering at parties, assisting with the Christmas Fair or being a part of the committee. Our Annual General Meeting is held in September and we would love to see you there.

If you have any questions or would like to get involved please contact Liza Moran (HGSA Chair) via our Facebook page: **Hurst Green (Oxted) School Association**. Please do join this page as we find it a quick and effective way to keep you updated. Alternatively email on hgsa@hurstgreenschool.org or watch out for the HGSA information on the white board in the entrance hall and in the school newsletter. These will give you dates and times of events and meetings.

Come along alone or with a friend and make some new ones!
