

English

We will continue to develop our phonic knowledge and use the new sounds in our reading and writing. We will work on our reading comprehension.

We will learn to write descriptive sentences.

We will make comic strips and learn about characters and narrative.

We will encourage writing fact files and labels and captions to complete our stories.

PE

We will explore Superhero action movements through simple movement dance. We will be developing our balance, agility and strength and play team games.

History

We will research and learn about historical heroes/heroines and about their achievements.

We will look at and discuss changes in the world. The children are encouraged to think of people from history who have been inspirational, and those that they are interested to find more information about.

ICT

We will be learning about e-safety and how to download and save photographs and images. We will have a go at creating stories and simple animations.

Navigators

Superheroes

Geography

We will look at harvests and celebrations from around the world.

We will draw maps of route to school. We will express personal views of the local area and suggest how to make improvements to local area.

Maths We will learn to represent and use number bonds and related subtraction facts; Read, write and interpret mathematical statements involving addition (+), subtraction (-) and equals (=) signs;

Solve one-step problems that involve addition and subtraction, using concrete objects and pictorial representations and missing number problems.

We will also be teaching children to recognise and name common 2D shapes, including rectangles (including squares), circles and triangles. We will be sorting 2D shapes by their properties.

Art/DT

We will learn to draw a person/superheroes.

We will have opportunities to design and make items using a range of mediums.

We will make up our own superheroes, their clothes, masks.

We will learn about Superfoods and how we can prepare a Super Salad and Super Smoothie.

Science

We will be learning about human body-parts and our senses. We will explore why and how we should be eating and living healthily. We will learn how to work scientifically.
