

# Dinosaur Planet

Stomp, crash, roar! Watch out – there are dinosaurs about! Yes, that’s right, we’re travelling back in time to the age of the dinosaurs. This half term, we’ll look closely at ancient fossils and study reptiles to understand how dinosaurs may have lived and eventually died out. We’ll learn about the great fossil hunter, Mary Anning, and follow in her footsteps, studying dinosaur teeth and bones to find out what dinosaurs liked to eat. Learning dinosaur names, creating puzzling riddles, writing fantastic fact files and creating exciting dinosaur stories are some of the other activities we’ll be involved in this half term. We’ll also use our artistic skills to make model dinosaurs and to design dinosaur landscapes.

English	Letter writing, fact file, stories, poetry
Maths	Addition by counting on, subtraction by counting back. Applying number bond knowledge to solve addition and subtraction questions.
Science	Plants and animals
History	Events beyond living memory, Mary Anning
Geography	Locating continents and oceans
Art	Large and small-scale modelling
DT	Designing and making
Computing	Programming a floor robot, stop-motion animation
Music	Percussion
PE	Dance, games
RE	What is the Torah and why is it important to Jews.
PSHE	Feelings and well being during lockdown

## Help your child prepare for their project

Dinosaurs are fascinating! Why not visit the library, choose some dinosaur books and practise reading and writing dinosaur names together? Alternatively, research amazing dinosaur facts together online. You could also make a mini Jurassic Park from cardboard boxes and craft materials to make model dinosaurs feel at home!
