

## **ACCESSIBILITY PLAN 2022 - 2023**

### **INTRODUCTION**

Hurst Green Infant School & Nursery recognises its duty under the DDA (as amended by the SENDA):

- not to treat disabled people less favourably
- to take reasonable steps to avoid putting disabled people at a substantial disadvantage
- not to discriminate against disabled pupils in their admissions and exclusions, and provision of education and associated services
- to publish an Accessibility Plan

The school provides all pupils with a broad and balanced curriculum, differentiated and adjusted to meet the needs of individual pupils and their preferred learning styles; and endorses the key principles which underpin the development of a more inclusive curriculum:

- setting suitable learning challenges
- responding to pupils' diverse learning needs
- overcoming potential barriers to learning and assessment for individuals and groups of pupils.

### **PURPOSE OF THE PLAN**

This plan shows how Hurst Green Infant School & Nursery intends, over time, to increase the accessibility of our school for disabled pupils, staff, parents/carers and visitors. There have been no significant additions/alterations to the school environment the past two years. The classrooms are not accessible to persons in a wheelchair/unable to walk up/down stairs, however we are able to make alternative arrangements where necessary, for example by accessing the classroom from the playground.

## METHODOLOGY

The Accessibility Plan has been compiled by the SENCo in close consultation with the Headteacher, Bursar and the link governor for SEN.

Key Objectives:

- To increase access for disabled pupils to the school curriculum (this includes teaching and learning and the wider curriculum of the school such as participation in after-school clubs and school trips/visits)
- To make the school more accessible to disabled pupils, staff and parents, including those affected on a short term basis – for example, if the use of crutches or a wheelchair is required for a fixed period
